d) **All players** are responsible for arranging their knockout match before or on the final playing date for that round, players therefore do not have to wait for the Challenger(s) to make contact with the Opponent(s).

- e) In a singles match if one player cannot play by the final date then they must concede the game to their opponent (subject to para c above). If an opponent cannot be contacted the Competition Secretary should be informed. Substitutes are not allowed in Singles competitions.
